DRY KILN BURNS AT VENEER PLANT

Originates in Engine House
From Unknown Cause.

Fire Department Meets With Stubborn Resistance But Conquers the Flames.

LOSS WILL BE ABOUT \$5,000

Fire broke out again this morning at 11 o'clock in the plant of the Paducah Veneer and Lumber company in Mechanicsburg, and for the second time in the last few weeks, wind saved a great property loss. The Paducah Veneer and Lumber company is the last mill in Mechanicsburg on Mill street and the strong north wind kept the flames and sparks in the opposite direction to the other mills.

The loss will be between \$5,000 and \$7,000, covered by insurance. The fire started in the engine house on the north side of the dry kiln and the wind carried the flames to the dry kiln, which was completely destroyed. That the dry kiln burned so quickly was due to the fact that the engine in the engine house could not be reached to stop the machinery in the dry kiln.

A peculiar system of mechanism in the dry kiln spread the flames in the briefest time all over the building. The hot air to dry the veneer is piped into the building at one end—and is there turned loose. To distribute it equally over the building, there is a large fan which forces the hot air through passages running through the building. When the fire started, the fan distributed the flames into every part of the building in a short time.

High pressure on the hose by the engine from company No. 4, caused it to break and stop the flow of water for several minutes, but the break occurred after the fire was in control. Company No. 2 arrived at the fire but had no hose. Company No. 2, was called to the McKinzie mill again this morning, to put out a fire in the weeds, which started from sparks from the smoldering sawdust heaps. All its hose was in use there when the alarm came for the second fire. Company No. 4 arrived in a short time and later company No. 1 from central station.

It was a nasty and stubborn fire to fight and Chief Wood believes that the wind prevented one of the most disastrous fires in the history of the city. The woods near the mill caught on fire but did not burn to any extent. The fire got a strong hold in the stacks of veneering in the dry kiln and it required a hard fight to suppress it there.

The break in the hose at the engine plant was due to the vibration of the hose on the gravel which wore the hose thin.

There was no fire in the engine house as the furnace was in another part of the plant and the origin of the fire is unknown.

HEARST CANDIDATE IS OUSTED.

Nominee for Governor Removed from Office at San Francisco.

San Francisco, Oct. 27.—District Attorney William H. Langdon, Hearst League candidate for governor, was removed from office by Acting Mayor Gallagher today, his action being sustained by the board of supervisors. Langdon is charged by the acting mayor with neglecting the duties of his office in campaigning for the governorship. Abraham Ruef, the power behind the throne in administration circles and known as the municipal boss, was appointed Langdon's successor.

RAID ON CUSTOM HOUSE.

Revolutionists Kill Ten and Get 380,000 Roubles.

St. Petersburg, Oct. 27.—In a bold raid on the custom house today, in which they employed a bomb to assist in wrecking the place, revolutionists made away with 380,000 roubles. A bomb was thrown at the cashier. He escaped but in the confusion the robbers got away with the money. Ten persons were mortally wounded by the explosion.

ARMS RETAKEN BY WORKMEN

Russian Gendarmes Who Seized Ship, Sent Put to Rest.

Tashkent, Asiatic Russia, Oct. 27.—A detachment of gendarmes, who yesterday seized a shipment of 238 revolvers and 16,000 cartridges destined for the revolutionists, were later attacked and defeated by an armed party of workmen, who carried off the greater part of the revolvers and 8,000 cartridges.

RIFLE SHOOTING IN SCHOOLS

British Education Board to Provide Ranges for Scholars.

London, Oct. 27.—Rifle shooting will hereafter be included in the curriculum of the elementary schools of this country. Mr. Birrell, the president of the board of education, made the announcement in the house of commons today that under certain restrictions children would be taught to shoot at miniature ranges. The crucial test of the education bill was reached today when the measure came before the house of lords for detailed debate. The main issue centers on the clauses relating to religious instruction. The general belief is that the controversy will ultimately end in a compromise. The debate is expected to last three weeks.

SCHOOL

IS NEEDED IN ROWLANDTOWN, SAYS SUPERINTENDENT.

Enough Children Not Attending to Fill a Building of Ordinary Size.

Superintendent C. M. Lieb, of the city schools, will urge that the school board take immediate action in starting the work on the Rowlandtown school. He has been working for this school for two years and declared many pupils remained out on account of the great distance they have to go to reach the nearest school.

"We are crowded in the schools as we have never been before," Supt. Lieb stated. "During the last week I had many pupils entered. This is unusual for this time of the year, and few are stopping. In Rowlandtown there are enough children not attending to fill a building."

Hard on Ice Men.

Toledo, O., Oct. 27.—The circuit court today handed down a decision in which it sustained Judge Kinkaid in sentencing the ice men to jail. The men were arrested and tried on a charge that they had formed a trust and violated the Valentine anti-trust law by combining to raise the price of ice in this city.

PREVENT

TUBERCULOSIS, SAYS DR. R. P. RAVENEL, OF PHILADELPHIA.

Charges That Hopeless Theory of Heredity Does More Harm Than Any Other Factor.

Syracuse, N. Y., Oct. 27.—Dr. R. P. Ravenel, assistant doctor of the Henry Phipps institute, for the study of tuberculosis, at Philadelphia, made some interesting statements yesterday in an address on "Heredity, Portals of Entry of Infection and Immunity in Tuberculosis." Dr. Ravenel said it was reasonable to expect that in the near future persons would be vaccinated to make them immune from tuberculosis.

He said that nothing had done more harm in the effort to prevent tuberculosis than the belief by many that it is in the family and there is no use to fight against it. The speaker stated that 90 per cent. of all persons upon whom postmortem examinations have been made have scars on their lungs where tuberculosis had been healed.

CORTLEYOU

Will Resign From the National Chairmanship.

Washington, Oct. 27.—Postmaster General Cortleyou will retire from the chairmanship of the Republican national committee before he becomes secretary of the treasury in succession to Shaw. This statement was made today on excellent authority. Harry S. New, vice chairman of the Republican committee will, it is expected, assume the duties of chairman when Cortleyou retires.

Roosevelt's Birthday Party.

Washington, Oct. 27.—President Roosevelt's birthday was properly observed today by a visit from the Hungarian Republican club of New York. Short speeches were made by the president of the club and President Roosevelt.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates—

"High Water" days don't count. The Sun's daily average last month was 3939.

MURDER PRECEDES FIRE IN TENEMENT

Mexicans And Negroes Roasted Alive In Home.

Negro Tells of Fight Among Others and Body With Knife Wound Is Found.

CHAMBER OF COMMERCE FIRE.

Kansas City, Mo., Oct. 27.—Fire which destroyed a two-story frame tenement occupied by negroes and Mexicans, today caused seven deaths. One body was recovered. The police say there at least six bodies in the ruins.

Vincenta Seayma, a Mexican laborer, was burned to death and two other Mexicans are believed to be dead. In the fire which destroyed the tenement building today. Twenty-eight negroes and Mexicans occupied the structure. Murder is supposed to have preceded the fire. Seayma's body shows what appears to be knife cuts, his heart being exposed. A negro informed the police of a Mexican fight during the night.

Three More Bodies.

Kansas City, Kan., Oct. 27.—Three more bodies were recovered today from the ruins of the Chamber of Commerce building fire. This makes nine bodies recovered, not including a heart and a detached foot which have been found.

Oldest Gypsy Dies.
Mrs. Louisa Smith, the oldest gypsy in America, died in a camp near Freehold, N. J. She was 101 years, two months and twelve days old.

PROSPECTS

OF PADUCAH COMMERCIAL CLUB BEST HE HAS OBSERVED.

Statement of W. L. Crandall, Whose Business It Is to Observe Things.

W. L. Crandall, of the editorial staff of "Municipal Engineering," a publication of Indianapolis, Ind., has been in the city two days looking over the city with the view of writing an article on the city and its prospects. Mr. Crandall is well-known to Mayor Yeiser and Auditor Kirkland through correspondence, but this is his first visit to the city. Mr. Crandall is on a tour of 50 of the principal cities in the United States at the end of which he will write a series of practical handbooks on municipal problems in this country.

He was enthusiastic over the future of Paducah as a city. "This city strikes me as having the best commercial prospects of any city of its size I have visited," he said, carefully weighing his words.

NEW SAND COMPANY.

Capt. Waggoner and Charles Robertson Promoters.

Paducah is to have a new sand and gravel company with an equipment valued at \$10,000. Charles L. Robertson, the street contractor, and Capt. Frank Waggoner, owner of the ill-fated Charleston, are the promoters. Capt. Waggoner returned from Greenville, Miss., this morning after buying a sea-going tug and four deck barges 120 by 20 feet in dimensions with five port holds. The equipment is enroute here now. The gentlemen will have a 10-inch sand and gravel pump and will be the second sand and gravel company here.

BUY BAD MEAT IN ARGENTINA

Britons Find Most of Seized Product Came From South America.

London, Oct. 27.—Replying to a question in the house of commons today, President of the Local Government Board John Burns said that of 418 tons of meat seized and condemned at the Smithfield meat market, London, between July 19 and September 13, 24 tons came from the United States and about 232 tons from Argentina. Mr. Burns said he hoped the government's proposed legislation would prevent the possibility of the recurrence of such a state of affairs as the question revealed.

Infant Dies.

The three-months-old son of W. C. Fisher, of Sharpe, Marshall county, died today of stomach trouble and will be buried tomorrow at Sharpe.

SCISSORS WEAPON OF SUICIDE.

Woman While Delirious Cuts Throat and Death Results.

Cincinnati, Oct. 27.—Delirious from long illness and nervous shock, Miss Grace Friedman, aged 35, a school teacher of New Richmond, O., thrust a pair of scissors into her throat at the Good Samaritan hospital, fearing a jagged wound in her windpipe, which resulted in her death today. Miss Friedman came to Cincinnati to receive treatment for a nervous complaint. She stabbed herself last week. The wound did not heal. It made her condition worse and pneumonia developed. She could not endure the strain and the end came this afternoon.

NEW STRUCTURE BY THE KENTUCKY

Commercial Club To Have Its Home On North Fifth.

Palmer Hotel Company Will Build on South Side of the Theater Entrance.

TO BE FINISHED BY JANUARY

Plans for a structure to adorn the vacant space on the south side of the entrance to the Kentucky theater, it is said, are nearing completion, and this fall a building will be erected for the accommodation of the Paducah Commercial club, by the Palmer Hotel company.

The lease of the Commercial club on its building on South Fourth street, expires with this month and the organization must seek new quarters. Temporarily the club will be located in the traction company's building on Broadway, but the officers expect to get in the new building on Fifth street by January.

The erection of a building at that point will greatly improve the appearance of that block. The hotel company tore away the frame cottage beside the theater, and it has been the purpose at some future time to extend the hotel back on Fifth street, running over the theater entrance. For this reason no permanent plans have been made for building at that point.

Stockholders of the hotel company, however, have been talking of putting up an ornamental, but temporary office building on the south side next to the alley, and the needs of the Commercial club and this plan have worked out together. The only thing that has deferred the work has been the pressing necessity of hurrying the hotel improvements.

HEARST CANDIDATES.

Ruled Off by Decision of New York Court.

New York, Oct. 27.—While the gubernatorial candidates of both parties were campaigning upstate today there was no dearth of political interest in this city where the court decision practically wiped out the local, congressional, senatorial and assembly tickets of the Independence League. Reversing the ruling of the board of elections the appellate division of the supreme court declared that the many nominating petitions filed by the league to have been improperly made in that they were intended to nominate candidates who were to run in overlapping or extended districts. While today's decision directly effects the local ticket only, some concern was expressed tonight regarding its possible effects up state in places.

FREES CONVICT TO HUSBK CORN.

Farm Hands So Scarce in Nebraska That Felons Are Paroled.

Lincoln, Neb., Oct. 27.—So strong has become the demand for corn huskers in Nebraska that petitions are beginning to reach Gov. Mickey for the parole of convicts that they may help with the harvest. Favorable action was taken today on one such application. Rollin Rivers, a negro sentenced to three years for burglary, was paroled to a farmer for whom he once worked. Gov. Mickey said there would be no wholesale paroling.

Bacon for France.

Robert Bacon, assistant secretary of state, is slated for the position of ambassador to France, according to a report current in Washington.

HORSE AND BUGGY LEFT IN STREET

While Crutchfield Slept On A Pile of Coal.

Discovered There by Miss Bryant and Taken in Charge by Police Today.

RIG BELONGS TO TERRELL

When a member of James Bryant's family, residing at Eighth and Bachman streets, went out to secure a bucket of coal this morning she was startled to find a negro calmly enjoying a sleep. He was lodged high on a pile of coal and although his position was anything but comfortable, did not seem to be affected by his hard bed.

James Collins, chief of police, instructed Patrolmen Clark and Ferguson to investigate and they found the negro to be Leroy Crutchfield, of Paris, Tenn. At the station he was identified as one who took a horse and buggy from the Terrell stables last night, and the horse and several were located a short distance from Crutchfield's lodging place, where the rig had evidently been left when the negro got sleepy.

James Thompson, of the livery company, appeared and demanded of the negro why he took the horse. The negro declared he could not tell. When arrested he seemed to still be dazed as if suffering from a prolonged "coke" jag.

No warrant will be sworn out against him for horse stealing. Leroy had been employed at the Terrell stables until discharged yesterday morning.

GAME WARDEN

T. J. MOORE IS APPOINTED BY COUNTY JUDGE.

Will Prosecute Sportsmen, Who Shoot Game Unlawfully and Be Paid in Fees.

T. J. Moore this morning was appointed game warden by County Judge R. T. Lightfoot and will go after hunters who are said to be shooting quail out of season. The office pays in fees for conviction of sportsmen who are arrested.

GEORGE R. KNOX DEAD.

He Was the Oldest General Freight Agent in Point of Service.

Nashville, Tenn., Oct. 27.—George R. Knox, general freight agent of the Nashville, Chattanooga and St. Louis railroad, died here yesterday after an extended illness. Mr. Knox was 62 years old, and it is said was the oldest general freight agent in point of service in the United States. He entered the service of the Nashville, Chattanooga and St. Louis railroad in 1860, and became general freight agent in 1876.

The downtown office of the railroad is closed today and draped in mourning.

C. G. GATES KILLS A GRIZZLY.

Big Bear Worsted in Fight After It Slays Four Dogs.

Denver, Oct. 27.—Charles G. Gates has killed a grizzly bear, according to a telegram from Maher, Col. The bear weighs about 1,700 pounds, and old-time hunters assert that it is as big as grizzlies grow. Four dogs were killed and one so badly wounded that he had to be shot. The battle took place in the foothills near Cathedral Peak. The bear was killed jointly by Gates and his brother-in-law, Melville Martin.

LESE MAJESTY IN MILWAUKEE.

"Hurrah for Rose" Grates on the Ears of Mayor Becker.

Milwaukee, Oct. 27.—Mayor Becker thinks he has a case of lese majesty on his hands. The other evening when the mayor and Mrs. Becker were getting into their auto at a theater the mayor says some one in the crowd shouted "Hurrah for Rose," following it with a volley of oaths directed at him. He called the policeman on duty to find the offender, but he failed to locate him. Now the mayor has asked Chief Janssen to see that himself and family are hereafter protected from insult.

If we could only see ourselves as others see us—but we can't so there's no use worrying about it.

DITHRIDGE SOLD

To the Baltimore Club of the Eastern League by Cairo.

Cairo, Ill., Oct. 27.—That the sale of Shortstop Will Dithridge, of Cairo, to the Baltimore club of the Eastern league is something more than super-heated atmosphere, was attested yesterday when a draft for \$200 for the release of the player was received by Manager G. P. Eichenberger. This money will be divided among the six Cairo men who carried on the club from July 5 to the close of the season, as will also all money received from the sale of the other players. There is a strong probability that four more players besides Dithridge will be drafted before January 15, 1907, when the drafting season closes for all classes.

JONES WINS

BOARD OF PUBLIC WORKS HAS CONTROL OF MARKET HOUSE.

Frame Structure in Building Is Not Affected by the Fire Limit Ordinance.

After withholding his decision for several days, Police Judge E. H. Puryear decided the case against Arthur Jones charged with a breach of ordinance, in favor of Jones.

Jones applied to the board of public works, controlling the market house, for a bench on the market. He was permitted to erect a wooden casing about it. Fire Chief Wood swore out a warrant against Jones for erecting a wooden structure within the fire limits. Judge Puryear held that, notwithstanding the city ordinance, the board of public works has full and complete control of the market house and did not err in giving the man permission to enclose the bench.

Reprieve Is Granted.

Washington, Oct. 27.—President Roosevelt today granted a reprieve until December 15, to Arthur Adams and Robert Sawyer, negroes under sentence to be hanged in North Carolina November 1, on the charge of murdering officers of the ship *Berwin* on the high seas.

PEANUTS

PROVE UNDOING OF SCHOOL BOYS IN YARDS.

Are Captured by Policeman Tolbert and Given a Thorough Scare By Official.

A large sack of peanuts lying beside a half loaded freight car in the Illinois Central yard proved too tempting to two boys on their way to school. When they seized upon it and filled two large flour sacks full of its contents, they were promptly captured by the ever watchful special policeman, Dick Tolbert. This proved the beginning of a complication in which several attorneys, the juvenile judge and school officials, with the boys and special policeman were the principals.

The special officer has to keep a vigilant watch during the hours when pupils go to and from school. He desired to frighten the boys if prosecution in the juvenile court was impossible.

The boys were badly frightened when an official telephoned attorneys and engaged in an animated conversation with them. They promised to "keep out of the railroad yards and to never do it again."

READJUSTMENT OF EUROPE.

England, France and Italy to Be Allied in Future.

London, Oct. 27.—Europe will be readjusted to a new alignment of powers and will be affected materially by changing the balance of power, which was greatly affected by the paralysis of Russia as a result of the Russo-Japanese war. In the future England, France and Italy will be bound together in an offensive alliance, and in the making over of Europe in the political sense, necessitated, Germany is expected to view this move unfavorably. But as the alliance is intended as a peace guaranty it is hardly believed the kaiser will remain inactive.

WEATHER—

Partly cloudy tonight and Sunday. Decidedly colder tonight. High winds. The highest temperature reached yesterday was 77 and the lowest today was 53.

BANK CLEARINGS SHOW INCREASE

Last Year Suffered Depression From Quarantine.

Big Grain Elevator and Paducah Saddle Company Increase Features.

BRADSTREET MAKES ESTIMATE.

Bank clearings \$658,862
Same week last year . . . 648,472
Increase 10,390

The increase in clearings this week over the same week last year is not significant. While more business undoubtedly is being done now, business at this time last year was rebounding sharply from the quarantine depression.

The only event of the week in the business world is the announcement that the N. C. & St. L. railroad would build a large grain elevator. Also the announcement of the increase of capital stock of the Paducah Saddle company from \$25,000 to \$37,500. There seems to be no decrease in the movements of wholesale goods out of the city.

The Paducah Traction company has received a franchise to build within a year, a new line through a part of the city heretofore not served. The completion of this line will increase the efficiency of the whole system.

Bradstreets Report.

New York, Oct. 27.—Bradstreets weekly trade and business report follows:

Trade is unprecedentedly active for the season. Retail trade has broadened out with consequent increase of record demand from jobbers and there is rather more doing on a spring account. Reports from the leading industries are of unabated activity. Higher premiums are being paid for the little spot iron that can be obtained; rails are more active and imports of foreign pig iron are increasing.

The price situation is one of exceptional strength. Grain prices are very steady. While cotton has eased on a larger movement and rather bearish spinning reports, other staples are strong at about the highest levels of the year. Refined copper has advanced to 22 1/2 points but little new business is doing owing to the scarcity of the supplies. In cotton goods, the feeling is one of steadiness. Print cloths are 3/4c higher, and quotations for many makes of bleached goods, brown cottons, muslins and similar fabrics have hardened. Wool has seen the most active dealings and higher prices have been generally accepted.

Wheat, including flour exports, for the week were 5,189,000 bushels against 4,267,000 bushels this week a year ago. For the past 17 weeks of the fiscal year 58,174,000 bushels against 26,912,000 bushels in 1905. Corn exports for the week 1,169,000 bushels against 708,000 bushels a year ago; for the fiscal year to date 13,317,000 bushels against 17,977,000 bushels in 1905.

WIFE DYING AS VILLAIN PLOTS.

Actor Summoned From Stage to Hospital Where Spouse Expires.

Racine, Wis., Oct. 27.—While Jerold Havener, the villain in the melodrama which is being played at a theater in this city, was plotting the death of the hero during the performance last night, word was brought to him of a real tragedy in his own family. His wife was dying in the hospital here. Havener left the stage in the midst of his lines and hurried to the hospital, arriving just in time to see his wife before she died.

This is the fifth time death has broken into Havener's family in the last year. A year ago the actor's father died. Then his mother followed. A few weeks ago his brother expired suddenly, and only a short time ago his 5-year-old son was killed by a street car in Philadelphia. Havener's home. Of the family there survive only Havener and one little child.

NOTABLE FEAT IN WIRELESS

Naval Station in Touch With Steamer From New York to Honduras.

Washington, Oct. 27.—A remarkable achievement in wireless telegraphy is reported to the navy department from the Pensacola station. That plant has been able to keep in constant communication with the steamer Preston from the time that vessel left New York until it arrived at Honduras. The station also received messages from the Preston while that ship was entering New York harbor, where she was undoubtedly bathed in electric waves from other stations and ships.

NONSUIT TAKEN BY PLAINTIFF

Dick Fowler Wins Damage
Suits in Illinois.

Sued by Colored Passengers Who
Left Because They Were Sepa-
rated From Whites.

ALLEGATIONS NOT SUSTAINED

Calro, Ill., Oct. 27.—The circuit court took up yesterday the cases of the negroes who sued the owners of the steamer Dick Fowler for damages, alleging that they had been forced to leave the boat when they insisted on going into the main cabin, on their return trip from Metropolis to Calro. There are six of these cases in each of which the damage is placed at \$2,000. The plaintiffs are represented by Paducah lawyers Taylor & Lucas and another named Ziegler, a negro. The defendants are represented by Attorney Leek of this city, assisted by Col. E. W. Bagby, of Paducah.

A jury was obtained and the evidence all presented before 5 p. m. Attorney Leek moved that the jury be instructed to bring in a verdict for the defendant. The jury was sent out of the court room while the motion was argued. Attorney Leek made the point that the plaintiff did not sustain the allegations. While it was charged in the complaint that the negroes were forced to leave the boat, although they had bought transportation to Calro, the evidence was that they were given the option of occupying the quarters provided for negro passengers, but that they refused to do so and voluntarily took the alternative and left the boat, walking some distance to reach a railroad station.

It appeared from the evidence that the defendants had bought round trip tickets from Calro to Metropolis and return, to attend a church meeting of some kind; that the tickets sold them called for passage in the negro cabin and that they were told when they bought the tickets that they would have to occupy this cabin; that they did occupy this cabin when they went to Metropolis; but that they refused to go there on their return trip, insisting upon going in the main cabin of the boat.

Attorney Leek contended that one of the main allegations made by the plaintiffs as a ground for damages, that they were forced to leave the boat, was not sustained by the evidence.

Mr. Leek's argument was not broken down by the attorneys for the plaintiff and when the latter found that the court was prepared to instruct the jury as asked for in the motion, they took a nonsuit. One of the other five cases will come up in the court this morning. What they will do in these cases has not transpired.

THEATRICAL NOTES

AT THE KENTUCKY.
Tonight . . . DePew-Burdette Co.
in "Her Own Way."
Friday—Sylvia Lyndon . . .
Saturday Matinee and Night . . .
"Piff, Paff, Pout."

Only two shows are booked at The Kentucky next week, but both are meritorious attractions, though widely different. Friday night Sylvia Lyndon, a sterling actress appears in the legitimate, presenting "Her Own Way," a drama full of action, and telling a story of a woman's foibles and emotions, affording the fair ample room to display her talents.

On Saturday, matinee and night, the big extravaganza, "Piff, Paff, Pout," which is known here by reputation and with the music of which many Paducahans are familiar. This spectacular musical piece ran in New York a whole season. It is scenically worth seeing, while the music, chorus and specialties are among the best on the road.

"Her Own Way."
Says the Whelting Register: There was a typical Fitch play on at the Court last evening, one of those kinds written in the cleverest vein of that prolific playwright, abounding with humorous situations and sparkling with the brightest lines. The piece was "Her Own Way," which was built for Maxine Elliot and used successfully by her for two seasons. Miss Sylvia Lyndon has taken up where her predecessor left off and is making good in the role of Georgina Carley, who would have "her own way" from start to finish, irrespective of relatives and pressing suitors. She is graceful and acts in an earnest and painstaking way; in fact, each act there was a curtain call. Miss Lizzie Uimer, as the stonographer who courted society, was exceptionally good. Miss Josephine Fox as the hair-dresser read her lines well and scored emphatically in the role. The play is staged like all of the Fitch productions, in that proper and correct manner that makes it attractive and enjoyable. Mr. Julius Murray has the piece under his guidance this season.

The numbers for the money that is to be given away by the DePew-Burdette Stock company at The Kentucky theater tonight are in great demand. There are over 6,000 numbers out now and someone will be made happy immediately after the performance tonight. The duplicate numbers will be brought on the stage, there will be someone selected from the audience, by the audience, who will draw one number from the box, that number will be called three times, then if the number is not responded to it will be destroyed and another one drawn and so on until the corresponding number is held by someone in the audience. Be sure and bring your numbers with you, for you may be the lucky one.

B. C. Whitney's "Piff, Paff, Pout."

When this decidedly popular musical production is seen at The Kentucky next Saturday matinee and night, the theater-going public of this city will have an opportunity of witnessing what last season proved the biggest musical hit of the entire year. "Piff, Paff, Pout" is rightly classed among the few really brilliant successes in the field of light operatic entertainment. No musical production has attained such instantaneous popularity, or one so great a measure of critical approbation as was unanimously accorded this delightfully clever mixture of mirth and melody. The book, lyrics and music were written by Stanislas Stange, Wm. Jerome and Jean Schwartz; the latter two being the most successful composers and song writers of the period. These gentlemen have probably written more successful songs than any other authors, and in this production there is an endless chain of mirthful melody, comprising over twenty-two song hits. Among the most prominent may be mentioned the following: "I'm the Ghost That Never Walked," "Under the Goo Goo Tree," "Love Love Love," "The Melancholy Sunbeam and the Rose," "I'm so Happy," "Dolly Dimples," "Cordelia Malone," "My Unkissed Man," "Dear Old Manhattan Isle" and a score of others.

NEW YORK THEATERS.

New York, Oct. 27.—Sam Bernard, in "The Rich Mr. Hoggengheimer," at Wallack's theater, is the sensational hit of the week. The book, by Harry B. Smith, is so very clever and so bristles with laughter that it might be played with success even without the tuneful and otherwise capital score composed by Ludwig Engländer. As may be supposed, "The Rich Mr. Hoggengheimer" is a continuation of the career of the central figure in "The Girl from Kays," with which Mr. Bernard and his associates kept all New York in mirthful convulsions for a whole season at the Herald Square theater. In the new work Hoggengheimer comes to America for the ostensible purpose of protecting a discarded son, but with a little flirtation "on the side."

At the New Astor theater, Miss

Viola Allen is the current attraction with a magnificent revival of "Cymbeline," in which she plays Imogen in a manner characteristic of this actress—that is to say, with technical precision and force and human warmth. Miss Allen has a thoroughly competent supporting cast and nothing has been neglected in the way of perfecting the mise-en-scene.

Miss Gullbert and Mr. Chevalier are doubtless aware by this time that the United States embraces a very large area, and that they themselves are uncommonly busy just now under the American mode of globe trotting. On Monday afternoon of the preseat week the Gullbert-Chevalier combination played in Galveston, and the same evening they appeared in Houston. The remainder of their route, up to and including November 6, takes in San Antonio, Austin, Fort Worth, Dallas, Shreveport, Oklahoma City, Kansas City, Clinton, Des Moines, Ia., Minneapolis, Winthrop, Duluth and Omaha. The tour is being managed with extraordinary energy by the Messrs. Liebler, who have no less than four agents traveling in advance of the foreign stars, with the result that their receipts have been enormous from the outset.

There will be but four more weeks of the exceptionally successful run at the Belasco theater of Miss Blanche Bates in "The Girl of the Golden West." At the end of that time Miss Bates must take up her contracts to appear in the other large cities in order that Mr. Belasco's newest drama, "The Rose of the Rancho," may be brought to town for the winter. If the manager had another New York theater where he could produce the new piece Miss Bates would probably be retained at the Belasco, for there has been no diminution in the large receipts flowing into the box office of that playhouse.

In spite of the rude comments of New York newspapers upon Mr. Gillette's play, "Clarice," the public has taken kindly to the comedy drama, and is filling the Garrick theater at every performance.

Nat C. Goodwin's audiences at the Bijou theater test the capacity of the auditorium at every repetition of "The Genius," which is one of the solidest successes flanked with the name of this distinguished actor in many years.

"My Lady's Maid," which has not been completely successful, is to be withdrawn from the Casino stage a week hence, giving way to the frolicsome James T. Powers in an English piece called "The Blue Moon."

Maude Adams will play in New York at the Empire theater for five weeks around the holidays, and already the seats are practically all sold for the revival of "Peter Pan." Miss Adams has broken all kinds of records thus far on her tour. "Peter Pan," by the way, is to have a London revival early in December for the Christmas season.

"Cape Cod Folks" with its thrilling and realistic shipwreck scene and its multitude of laugh arousing episodes, has but one more week to remain at the Academy of Music, where it was booked as a stopgap and must vacate to permit the incoming of the succeeding offering. The New England drama could run on indefinitely to very large audiences if permitted to remain.

It is said in authoritative quarters that Montgomery and Stone in "The Red Mill" at the Knickerbocker theater have yet to play to less than \$2,000 upon any single night of their engagement.

Forbes Robertson and Gertrude Elliott, with their entire English company, will be the next attraction at the New Amsterdam theater producing George Bernard Shaw's "Caesar and Cleopatra."

Henry Miller and Margaret Anglin have fully demonstrated what can be accomplished by real acting in a real play. For years the Princess theater has been generally regarded as a distinctly tough proposition from a business viewpoint. Yet since the production of "The Great Divide" standing room at this house has been at a premium.

Chauncey Olcott is here for two weeks only, playing at the New York theater in "Eileen Ashore," the newest of the Olcott dramas of Ireland.

Hattie Williams is in her fourth month at the Criterion theater in "The Little Cherub" and in spite of the superabundance of musical attractions all over the city she keeps right on packing the house every night.

Do Physics Make You Weak?

Most physics do. Salts, castor oil, and nearly all the patent tablets and pills sold as cathartics and laxatives have a dangerous effect upon the digestive organs. In time, strength is regained but not before great danger is done to the tissues of the bowels and intestines.

Dr. Caldwell's Syrup Pepsin

is not like any other physic you can take, because instead of weakening the intestinal muscles, it gives them strength sufficient to voluntarily perform their functions.

Dr. Caldwell's Syrup Pepsin, unlike other remedies often taken for stomach disorders, does not create a habit which makes it necessary for the patient to continue its use. Physics that leave you weak, that cause you to perspire, and to feel nervous invariably do great harm. You never experience any such unpleasant and dangerous sensations from taking Dr. Caldwell's Syrup Pepsin. It is a pleasantly palatable remedy which never causes griping and in all cases of constipation, indigestion, dyspepsia, gas on stomach, and all other disorders arising from such ailments it quickly and permanently cures.

All druggists sell Dr. Caldwell's Syrup Pepsin at 50c and \$1.00 a bottle.

The Week In Society.

AUTUMN MAGIC.

Soon as divine September, flushing from sea to sea,
Peers from the whole wide upland into eternity.

Soft as an exhalation, ghosts of the thistle start;
Never a poet saw them but ached in his baffled heart.

O, what a nameless urging through avenue laid in air;
Hints of escape, unbidden, intricate, everywhere.

Sense of a feared denial, or access yet to be won;
Gleams of a dubious gesture for guesses to feed upon!

Flame is flying in heaven, the down on the cool hillside;
Earth is a bride-vell glory that can not conceal the bride.
—Louise Imogen Guiney, in the October Atlantic.

Announcements.

Mrs. Leslie Wade Lewis will entertain at cards on Monday afternoon at her home, on Washington street, in compliment to her guest, Miss Mary Brizendine, of Russellville, Ky.

Mrs. Henry Rudy will entertain Miss Ruby Corbett and her bridesmaids at one o'clock luncheon on Tuesday.

The Delphic club will meet on Tuesday morning at the Carnegie library. "The Alhambra" is the subject for discussion. Those taking part will be Miss Mattie Fowler, Mrs. Campbell Flournoy and Mrs. George Flournoy.

Mrs. I. D. Wilcox is hostess to the Five Hundred club on Wednesday afternoon at her home, 603 Kentucky avenue.

The Matinee Musical club will meet on Wednesday afternoon at the

Eagle club rooms on Broadway. It is urged that all members be present as it is important that the secretary secure a complete roll of members.

Engagement of Miss Soule and Mr. Coolidge Announced.

Mrs. Leslie Soule announces the engagement of her daughter, Miss Mildred Loving Soule, to Mr. William K. Coolidge, of Memphis, Tenn. The wedding will take place some time in November.

Miss Soule is one of the most charming of the younger society girls and will marry before she makes her debut. Pretty, winsome, musically gifted and with the many fine traits of splendid womanhood dominant in her character, she has endeared herself to a host of friends not limited to her age and social position. Belonging to one of Paducah's oldest families, Miss Soule on her father's side is closely related to Bishop Joshua Soule, a leading figure in American Methodism, and through her mother is descended from the Loving and West families, prominent in Kentucky.

Her fiancé, Mr. Coolidge, is connected with the Frisco Railroad in Memphis and occupies a position of trust. He is a native of Wisconsin, but has made Memphis his home for a number of years. He is a young man of many sterling qualities, highly thought of and popular in a wide circle of friends.

Beautiful Halloween Wedding.

Social interest for the coming week centers in the wedding ceremony and reception of Miss Rebecca Hannah Corbett and Mr. Charles William Thompson, which will take place on Wednesday evening. The ceremony will be at 8:30 o'clock at the First Christian church, and the reception will be from 9:30 to 12 o'clock at the home of Mr. and Mrs. Hal S. Corbett, on North Eighth street.

It will be a chrysanthemum wedding and the colors white and pink will be carried out in all the details which will be charmingly

effective. The bridal party will be a large one and will add to the brilliancy of the scene. Mrs. Henry Rudy is the matron of honor and Miss Faith Langstaff is maid of honor.

The bridesmaids are: Miss Mary Belle Taylor, of Frankfort; Miss Pauline Purcell, of Lexington; Miss Elizabeth Sinnott and Miss Jeanette Campbell. Little Misses Hannah Corbett and Lucy Overbey are the flower girls. Mr. Horace W. Shinn is the best man and the groomsmen will be: Mr. Richard Rudy, Mr. Louis Riecke, Jr., Mr. Nolan Van Culin, Dr. J. Q. Taylor and Dr. Charles Lightfoot. The ushers are: Mr. Charles Alcott, Mr. Douglas Nash, Mr. Arthur Y. Martin and Mr. Wallace Weil. The bride will be given away by her brother, Mr. Jacob Corbett, of Wickliffe.

The ceremony will be said by Rev. W. E. Cave, D. D. Mr. Owen Tully will play the wedding music.

Among the out-of-town guests who will be present for the wedding are: Mrs. Emily Marshall, of Missoula, Mont., an aunt of the bride and wife of the late Judge Charles Marshall, formerly of Paducah; Miss Annie Marshall, of Missoula; Mr. and Mrs. Jacob Corbett, of Wickliffe; Mr. and Mrs. William White, of Wickliffe; Mr. and Mrs. Philip Samuel, of Clinton; Miss Hallie Richmond, of Clinton; Mrs. Arthur Cray, of Chicago; Miss Pauline Purcell, of Lexington; Miss Mary Belle Taylor, of Frankfort.

Pretty Reception for Debutantes.

Mrs. Charles E. Jennings is receiving this afternoon from 3 to 5 o'clock at her delightful home, Oaklawn, in Arcadia, in honor of her niece, Miss Mary Bondurant who is one of the season's attractive debutantes.

The house is effectively decorated with southern smilax in graceful profusion, and a color-scheme of pink and green is carried throughout. Standing with Mrs. Jennings and Miss Bondurant in receiving line are the debutantes: Misses Frances Wallace, Katherine Powell, Corinne Winstead, Marie Wilcox, Ella Wilhelm, Elizabeth Atkins. Also assisting in receiving are: Mrs. Joseph F. Bondurant, Mrs. Edward L. Atkins, Mrs. Armour Gardner, Mrs. Robert Reeves, Mrs. James Utterback, Mrs. Hughes McKnight.

In the dining room and at the punch bowl are a number of the

charming younger girls: Misses Mary B. Jennings, Lucette Soule, Julia Dabney, Mary Wheeler, Lillie Harth, Mary Gregory, Sadie Smith, Ethel Sights, Ellen Boswell.

Miss Bondurant is the daughter of Mr. and Mrs. Joseph F. Bondurant. She is a handsome and talented girl and an accomplished musician. She was graduated last summer from the Paducah High school and expects to perfect her music by special conservatory work next year.

Mrs. Warren's Card Party.

Mrs. C. C. Warren gave a charming card party on Friday afternoon at her home, on West Jefferson street, in honor of her sister, Mrs. P. A. Martin, of St. Paul. The house was attractively decorated in pink carnations and ferns, and the pink and green color effect was carried out in the delightful course-luncheon served during the afternoon.

The game prize was won by Mrs. C. L. Van Meter and presented to the guest of honor. The consolation prize went to Mrs. William Marble.

Mrs. Warren's guests were: Mrs. C. H. Sherrill, Mrs. Bertie Campbell, Mrs. Hal Corbett, Mrs. Miltona Cope, Mrs. Henry Hughes, Mrs. Luke Russell, Mrs. Victor Voris, Mrs. Armour Gardner, Mrs. W. A. Berry, Mrs. Eli Boone, Mrs. W. J. Hills, Mrs. John Little, Mrs. George Exall, Mrs. C. L. Van Meter, Mrs. William Marble, Mrs. Edwin Rivers, Mrs. H. S. Wells, Mrs. Marie Cobb, Mrs. May Riecke, Mrs. Henry Thompson, Mrs. Harry Hinkle, Mrs. R. G. Terrell, Mrs. W. B. Mills, Mrs. James Weille, Mrs. Harry McElwee, Mrs. C. C. Grassham, Misses Claribel Riecke, Carrie Riecke, Irene Furnish, Rella Coleman, Fannie Coleman, Margaret Park, Clara Park, Mildred Soule, Lucette Soule.

Sans Souci Club.

The Sans Souci club was delightfully entertained on Friday afternoon by Miss Hattie Terrell at her home on Kentucky avenue. The club prize was won by Mrs. John W. Scott and the visitors' prize by Mrs. Henry Rudy. An attractive course-luncheon was served late.

The five tables of guests included: Miss Mary Belle Taylor, of Frankfort; Miss Mary Brizendine, of Russellville; Mrs. Allen Ashcraft, Mrs. D. M. Flournoy, Mrs. Henry Rudy, Mrs. John Scott, Mrs. Betty Rankin, Mrs. Hughes McKnight, Mrs. James

Campbell, Jr., Misses Margery Crumbaugh, Lula Reed, Lillie Mae Winstead, Myrtle Greer, Frances Wallace, Ruth Weil, Mary Boswell, Elizabeth Sinnott, Nell Holland, May Owen, Ethel Brooks.

Five Hundred Club.

Mrs. Thomas C. Leech was hostess of the Five Hundred club on Wednesday afternoon at her home on Fountain avenue. It was a charming occasion. The club prize, a handsome china plaque decorated with the coat of arms of Canada, was won by Mrs. Hal Corbett. The visitors' prize, a plaque in the coat of arms of France, was captured by Mrs. Clarence Sherrill. A delightful course-luncheon was served after the game.

The club membership this year includes: Mrs. Victor Voris, Mrs. Bertie Campbell, Mrs. Saunders Fowler, Mrs. Thomas Leech, Mrs. Hal Corbett, Mrs. Robert Phillips, Mrs. Milton Cope, Mrs. I. D. Wilcox, Mrs. Armour Gardner, Mrs. Ben-Weille, Mrs. L. A. Washington, Mrs. John Keller, Mrs. A. R. Meyers, Mrs. Henry Bradley, Mrs. John S. Biecker, Mrs. Eli Boone, Mrs. Robert Reeves, Miss Elizabeth Sinnott.

Magazine Club.

A very delightful meeting of the Magazine club was held on Thursday afternoon with Mrs. George Flournoy at her picturesque country home, Loloma Lodge. The rooms were effectively decorated with cosmos and "farewell summers." Mrs. D. M. Patterson, of Mayfield, the mother of Mrs. Flournoy, was the guest of honor.

The roll-call was answered with current events. Four of the October magazines were represented most interestingly: Miss Minnie Ratcliffe discussed the Cosmopolitan; the Scrapbook was reported by Mrs. Henry Overby; Mrs. Hal S. Corbett gave a resume of the Saturday Evening Post, and the Century was handled by Mrs. A. S. Dabney.

A pretty two-course luncheon was served in conclusion.

Entre Nous Club Organization.

The Entre Nous club held a business meeting on Tuesday morning with Miss Lillie Mae Winstead, of Washington street and organized for the winter. Miss Winstead was re-elected president. Miss Mary Scott, Miss Frances Wallace and Miss Corinne Winstead, three of the winter's

debutantes, was added to the club membership, which includes: Mrs. Henry Rudy, Misses Lillie Mae Winstead, Ethel Brooks, Frances Terrell, Nell Holland, Marjorie Bagby, Sarah Sanders, May Owen, Blanche Hills, Fannie Coleman, Rella Coleman, Retta Hatfield, Mary Scott, Frances Wallace, Corinne Winstead.

Delphic Club.

An especially interesting meeting was that of the Delphic club on Tuesday morning at the Carnegie library. "The Moorish Occupancy of Spain—Its Benefits" was discussed by Mrs. Muscoe Burnett; "The Moorish Kingdom of Spain," by Mrs. Bertie Campbell; "The Cathedral of Granada," by Mrs. Mildred Davis. Mrs. George A. Flournoy read with effect the "Surrender of Granada."

In Farewell Honor.

The Ladies' Aid and Church Furnishing societies of the First Christian church held an "open meeting" on Monday afternoon at the home of Mrs. James Buckner, on Jefferson street. It was a pleasant social occasion in farewell honor to two members, Mrs. R. J. Settle, who moves to Paragould, Ark., and Mrs. Jesse Gilbert, who will go to Dallas, Texas. Ices were served and a musical program was enjoyed. Several out-of-town visitors were present.

Birthday Party.

Master Edwin Slaughter, the son of Capt. and Mrs. John Slaughter, of Clay and Tenth streets, was the host of an enjoyable party on Monday afternoon from 4 to 6 o'clock in honor of his ninth birthday. Games, music and various amusements were the features of pleasure. Elaborate refreshments were served.

Mariposa Club Dance.

A delightful dance of the week was given by the Mariposa club on Monday evening at the Red Men's hall. It was the first entertainment of the club for the season and inaugurates a series of enjoyable affairs for the winter.

Among those present were: Mr. and Mrs. Wells, Mr. and Mrs. Frank Hill, Misses Mary Boyle, Babb, Gertrude Fisher, Anna Hill, Eudora Farley, Mary Barry, Dorothy Miller, Lena Purchase, Cora Dunlap, Ruby Dunlap, Fannie Latham, Elsie Elam, Gertrude Haag, Anna Halpin, Mary Osgan, Ella Bright, Mabel Hughes.

Ortance Thurman, Maude Foster, Clara Richardson, Clara Goodman, Betty Bane, Ann Nicholson; Messrs. George Holliday, Russell Long, Wolf, Roscoe Puryear, Ed Farley, Frank Theobald, Smith, Lote Plumlee, Dick Harris, James Davis, Clarence Krug, Joe Fisher, Jack Fisher, Clarence Householder, John Farley, Marshall Cooper, Clifton Ferguson, Lonnie Vale, Curtis Seamon, Charles Rottgering, Arthur Willett, Henry Ruoff, Mr. McGregor, Mr. Berryman, Jim Lattrell, Albert Hawkins.

Crescendo Club.

An open meeting of the Crescendo club was held on Thursday afternoon at the studio of Miss Virginia Newell on North Seventh street.

The club is studying the Italian opera this year and—Miss Newell made a talk on Lucia di Lammermoore, followed by selections from this opera. Miss Julia Dabney gave a sketch of the life of Donizetti. Two piano numbers were played by Miss Mary Bondurant. Events in the musical world of today were informally discussed.

Birthday Supper.

In honor of the host's 38th birthday a number of friends were pleasantly entertained on Tuesday evening at the home of Mr. and Mrs. Robert Parrish of Arcadia. It was a surprise to Mr. Parrish. A beautiful supper was served and the evening was delightfully spent with music.

Wedding Anniversaries Celebrated.

Mr. and Mrs. Patrick Grogan were given a pleasant surprise party on Thursday evening at their home, 922 Trimble street. It was the 25th anniversary of their wedding and a handsome silver service was presented them. A number of their friends were present.

Mr. and Mrs. R. F. Davis, of West Monroe street, gave a reception on Thursday evening at their home in celebration of the first anniversary of their wedding. The house was prettily decorated in a color scheme of green and white and a marriage bell in these colors was the center decoration. Fruits, ices and punch were served during the evening. Misses Catherine Robertson, Maud and Myrtle Elder assisted in receiving.

WE WANT FARMERS.

While South Carolina seems to be paying particular attention to the importation of expert mill operatives, weavers and artisans to work in her factories, the idea of the Southwestern Kentucky and Southern Illinois Immigration association we are assured, is to attract German, Swiss and Scandinavian farmers to this section to develop our waste land, vary the products and stimulate the agricultural industry of this part of the country. No doubt, in a degree the factories will be benefited in many ways as are all other classes of industry. The increased population will demand more clothing and other necessities of life, and some of the children of these new homes may take up factory work, but to no greater extent than the children of people already residents here. It is not to overcome any existing deficiencies, actual or alleged in the local labor situation that the association was organized and its plans promulgated. The labor situation always is one that is well to be let alone. We have thousands of acres of untilled, but productive land under proper cultivation, which should be adding to the annual wealth of the community. These hard, experienced and painstaking farmers accustomed to raising crops on the long used soil of crowded Europe, where an acre is made to support a greater population than an hundred acres in this country, are just the persons to make this waste land bear new crops. With this understanding, let us unite in bringing farmers to McCracken county for the general good of the community, regardless of the needs of any particular line of industry.

For the information of the people of Paducah, says a local publication, "The bill requiring second class cities to spend thousands of dollars for parks, was carried to Frankfort by one of the members of the Republican general council."

For the benefit of the people of Paducah the Sun will say the foregoing statement is false; was known to be false when written; and was published with purpose of deceiving.

The bill creating park commissions for cities of the second class was drawn up in its terms especially for the benefit of the city of Lexington, which had parks but no park board, and was passed by a Democratic general assembly and approved by a Democratic governor. The whole law is extremely creditable and one that a Republican councilman of Paducah should have no reason to be ashamed of, had he carried it there in his pocket. But, under the circumstances, the Sun prefers to allow the honors and responsibilities attached to the performance to fall where they are due. The only thing we in Paducah have to do with it, is to make the best use of the money and create a park system that will be a credit to the city and a blessing to its poor.

The park bond issue is a simple, honest plan of the board of park commissioners, who have the interest of the city at heart and have hit upon this as the least expensive and most efficacious manner of creating a park system and realizing for the present generation the quickest benefits from it. The plan contemplates the issuance of the bonds and the immediate undertaking of a complete park system that will afford to every section of the city a breathing place; that will redeem eyesores, and increase the value of surrounding property, while advertising the city and making it attractive. A sinking fund will be created and this by the time the last bond accrues, will be sufficient to retire the whole issue. As to their honesty of intentions and business acumen we present no argument except the names of the park commissioners: Dr. D. G. Murrell, H. C. Rhodes, Charles Reed, George Walters and Edwin J. Paxton.

Ministers of the gospel who have the catholic development of the city at heart; who regard cleanliness and beauty of surroundings as well as person, as akin to godliness; who look upon the amelioration of the condition of the poor by improved sanitation and the adorning of the city with parks, where they can rest and play in the shade, as a Christian duty; and who desire to enlist on the side of civic righteousness a strong civic pride, should lend their support to the park and sewer plans of the city.

There, now, doctors, if you observed it, a little paper has said you will not receive its support in your contention about insurance examination fees, because you do not advertise with it. That's rather a frank admission that one doesn't advocate any principle without some consideration; but with equal truth the other side of the proposition might have been stated—it fights everybody who does not advertise with it. That is the reason it has so many fights on its hands.

Do you believe that law breakers may be encouraged or discouraged by the action of the police judge? If you believe the magistrate, before whom is presented every law breaker in the city and who hears the cases before they ever reach the grand jury, is an important moral factor in the community, we advise you to vote for E. W. Bagby for police judge.

Yes, brother, the Republicans opened a speaking campaign among the colored voters at a colored church; but it wasn't in a church that Dave Cross held his meeting with the colored voters at Seventh and Adams streets the same night. They do say that when Dave's arguments are on tap they are mighty satisfying.

Any effort of their enemies to expose the record of the present general council will rebound to the advantage of the candidates for reelection to the boards of aldermen and councilmen. We congratulate the subtlety of their enemies, who merely speak of the record in the abstract, but do not dare go into it.

Since some irresponsible publication has charged that the park bond issue proposition was raised by corporations, and the fact remains that the idea originated with the commissioners, we presume the president of the board will hereafter sign his name, Dr. D. G. Murrell, (Inc.)

Cincinnati is the recognized home of graft; but those doctors, who contracted with a subject for six inches of his eyelid and then, after they had completely anesthetized him, skinned him out of 42 inches, are the meanest men we know.

WHAT WE NEED.

We have many thousands of acres of uncultivated land in western Kentucky and southern Illinois; thousands of acres standing in waste that will not be occupied and developed for many years to come, by natural processes such as has been going on in the past.

The farmers throughout the section, have difficulty in securing labor to care for the land already under cultivation. Industrial enterprises and business concerns throughout the section embraced within our work, are practically all short of labor. The negroes can be depended upon, only in exceptional cases, the rule being that they are practically worthless for supplying the shortage of general labor. It is impossible at the present time to secure ample white help, male or female, in the factories, on the farms, on public and private works, or in the homes of our people. These are facts generally admitted by every well informed person.

The Western Kentucky and Southern Illinois Immigration association propose to remedy these conditions. We propose to bring into the section embraced by our work, a desirable class of farmers from the northwest part of our own country and from abroad who will occupy and improve our vacant lands, and bring into this section hundreds of boys and girls, young men and young women of the better class, who will solve the problem of ample labor for all our people and business interests. These conditions have existed in other parts of the country; they have even been more serious than with us. These conditions have been remedied as we propose to remedy our local conditions.

We are prepared to put our best efforts into this work in the interest of all the people embraced in western Kentucky and southern Illinois. We cannot do this, however, without the support and encouragement of the farmers and business people, directly interested in the results of the work we have undertaken.

If you, Mr. Farmer and Mr. Business Man, desire to see the conditions improved, the shortage of labor in every department entirely removed, and every piece of land in the section embraced in our work occupied by a thrifty self-supporting, intelligent farmer, then come forward at this time, and encourage this association by promptly becoming a member and use your good offices to assist the association.

In order to get results desired we must do a great deal of advertising through the proper channels, and missionary work in the proper way, all of which will require liberal financial assistance. Our plan of financing this work has been made so reasonable that no one can have an excuse for not aiding the association to bring about the results desired. We appeal to all men, farmers

and citizens and business people in western Kentucky and southern Illinois, to promptly join our association and assist us in this great work. Send postal card to this office for membership blank, which will be promptly forwarded you, so that you can become an active member and worker.

You can also secure membership blanks and join the association by applying to the following vice-presidents:

T. T. Gardner, Bardwell, Ky.; U. S. Shacklett, Fulton, Ky.; Albert Williamson, Mound City, Ill.; J. F. McCartney, Metropolis, Ill.; O. J. Jennings, Murray, Ky.; G. N. McGrew, Bayon, Ky.; J. H. Little, Benton, Ky.; John L. Smith, Kuttawa, Ky.; W. H. Viets, La Center, Ky.; J. R. Lemon, Mayfield, Ky.; W. L. Bower, Paducah, Ky.; J. W. Blue, Jr., Marion, Ky.; J. D. Leech, Princeton, Ky.; Felix Grasty, Cadiz, Ky.; Henry Brummell, Cairo, Ill.; M. J. Howley, Cairo, Ill.

Yours very truly,
 Western Kentucky and Southern Illinois Immigration Association.

EVERY man would be wearing a Corliss Collar if all men knew the collar. They are getting acquainted rapidly, however.

These collars are fitted by hand, stitched wrong side out, turned and shaped by hand, then, stitched again, which produces more strength than is found in any other collar.

The wing is very popular, but we have all styles.

The price is 2 for 25c.

IN THE COURTS

Two hundred and fifty dollars is the amount of damages given, W. W. Spence by the jury yesterday in his suit against C. E. Gridley for slander. The petition asked for \$2,500. Spence was thrown out of his wagon on the Cairo pike by his horse, which was frightened at Gridley's automobile. His wagon was wrecked and he won in court, Gridley paying \$73 damages. Later when Spence passed a crowd at the court house Gridley is alleged to have remarked that "he," (meaning Spence) "swore a lie in court and cost him \$80."

In Circuit Court.

Circuit Judge William Reed held a brief session of court this morning. The jury was dismissed yesterday until Monday and he heard motions and demurrers today.

L. Barry filed suit against Constable A. C. Shelton and W. S. Pearson for \$470 and \$50 additional damages, claiming that Shelton because of a distress warrant sworn out by Pearson, attached and wrongfully held \$470 worth of household effects exempt by law from seizure.

The case of George C. Wallace and W. E. Cave, executors of the will of B. Wisdom against Henry Wisdom and others, was dismissed without prejudice.

In the case of Sam Payne against Alice Payne, judgment for divorce was filed.

Order of Delivery.

Yesterday a distress warrant was served on Mrs. L. Barry, 722 Clark street, in the case of W. S. Pearson against Mrs. L. Barry for an alleged debt of \$42. Constable A. C. Shelton served the warrant but did not take the goods levied on. This morning Mrs. Barry took out an order of delivery in circuit court against Shelton and Pearson for the return of the goods. She gave bond, Jake Biederman becoming surety.

In Bankruptcy.

Mr. Lee Roy Payne, a farmer, of Graves county, filed a petition in bankruptcy this morning giving liabilities to the amount of \$1,770. He has no assets. Most of his debts are judgments in court and notes. The only Paducah creditor listed is the H. C. Allison estate, \$400.

The Rigors of Cold Weather.

Probably at no time of the year does the physical condition of the body demand more attention than just at this season, the beginning of cold weather.

Let the system be run down, or the blood impoverished to any extent and the cold weather goes hard with you.

Naturally the thing to do is to get the circulation in good order, and the whole system toned up to stand the rigors of winter.

Some physicians prescribe the daily cold bath, others seek recourse in blood tonics and other stimulants, but, probably the most rational treatment of all is the Osteopathic, as Osteopathy more quickly, and more effectively rights the blood flow and restores normal conditions than any other known treatment.

Osteopathy is only a natural treatment, a method of bloodless surgical manipulations to remove any obstructions interfering with the proper transference of nerve force, or natural blood flow, or the other fluids, to the organ or part involved.

I should like to have you call and let me tell of some Paducah people whom you know well that Osteopathy has done much for, and also to tell you what it will do in your particular case.

My office hours are from 9 to 12 and 2 to 5, 516 Broadway, Phone 1407.

Does Your Chimney Smoke?

If so, you haven't a Wilson Heater and 40 per cent of the burnable part of the soft coal is escaping unburned in the form of smoke.

THE WILSON HEATER

with the celebrated Hot Blast Down-Draft, consumes these fumes and turns them into heat. This may be readily seen by the absence of smoke in the chimney when a Wilson is used.

You pay 100 per cent for your fuel; why not get 100 per cent value from it?

Copyright, 1904, by Harper & Brothers

To Marle, at Msala—Send at once to Mr. Durnovo, informing him that the tribes have risen and are rapidly surrounding the plateau. He must return here at once with as large an armed force as he can raise, but the most important consideration is time. He must not wait for men from elsewhere, but must pick up as many as he can in Loango and on the way up to Msala. I reckon that we can hold out for three months without outside assistance, but after that period we shall be forced to surrender or try to cut our way through without the slightest chance. With a larger force we could beat back the tribes and establish our hold on the plateau by force of arms. This must be forwarded to Mr. Durnovo at once, wherever he is. The letter is in duplicate, sent by two good messengers, who go by different routes.

JOHN MEREDITH.
When Jocelyn looked up, dry lips, breathless, Nala was standing before her, beaming with self importance. "Who gave you this?" "Marle, at Msala." "Who is she?" "Oh, Mr. Durnovo's woman at Msala. She keeps his house." "But this letter is for Mr. Durnovo?" cried Jocelyn, whose fear made her unreasonably angry. "Why has he not had it?"

Nala came nearer, with upraised forefinger and explanatory palm. "Marle tell me," he said, "that Mr. Meredith sent two letters. Marle give Mr. Durnovo one. This—other letter," Jocelyn Gordon rose to the occasion. "Can you go," she said after a moment's thought, "to St. Paul de Loanda for me, at once—now?" "Oh, yes," with a sigh.

Already Jocelyn was writing something on a sheet of paper. "Take this," she said, "to the telegraph office at St. Paul de Loanda and send it off at once. Here's money. You understand? I will pay you when you bring back the receipt. If you have been very quick I will pay you well."

That same evening a second messenger started northward after Maurice Gordon with a letter telling him to come back at once to Loango.

Guy Oscar was dining alone in Russell square when a telegram was handed to him. He opened it and read:

Meredith surrounded and in danger. Durnovo false. Come at once. JOCELYN GORDON.

In due time Guy Oscar landed on the beach at Loanda. He had the telegram still in his pocket, and he went, not to Maurice Gordon's office, but to the bungalow.

Jocelyn greeted him with a little inarticulate cry of joy.

"I did not think that you could possibly be here so soon," she said.

"What news have you?" he asked, without pausing to explain. He was one of those men who are silenced by an unlimited capacity for prompt action.

"That," she replied, handing him the note written by Jack Meredith to Marle at Msala.

Guy Oscar read it carefully. "Dated seven weeks last Monday; nearly two months ago," he muttered half to himself.

"But you will go?" she said, and something in her voice startled him.

"Of course I will go," he replied. He looked down into her face with a vague question in his quiet eyes, and who knows what he saw there? Perhaps she was off her guard. Perhaps she read this man aright and did not care.

With a certain slow hesitation he laid his hand on her arm. There was something almost paternal in his manner which was in keeping with his stature.

"Moreover," he went on, "I will get there in time. I have an immense respect for Meredith. If he said that he could hold out for four months I should

"Let go!" he gasped, say that he could hold out for six. There is no one like Meredith once he makes up his mind to take things seriously.

It was not very well done, and she probably saw through it. She probably knew that he was as anxious as she was herself. But his very presence was full of comfort. It somehow brought a change to the moral atmosphere.

"Where is Durnovo?" Oscar asked suddenly. (To be continued.)

RUPTURE FEARED WITH JAPANESE

Cabinet Holds Important And Serious Consultation.

Pomp and Ceremony Attend Call on the Sultan of Morocco Bearing Message.

FROM THE NATIONAL CAPITAL.

Washington, Oct. 27.—Today's cabinet meeting was attended by all the members except Secretary Shaw and Postmaster General Cortelyou. Among the important matters discussed was the situation growing out of the anti-American sentiment in Japan and the expulsion of Japanese children from the public schools of San Francisco. It was stated by a member of the cabinet after the meeting that the general opinion of the members was that the Japanese situation was exceedingly grave and would require the most delicate treatment to avoid an open rupture.

Pomp and Ceremony.

Washington, Oct. 27.—With pomp and ceremony probably surpassing that ever before connected with an American mission, Minister Gummere last month presented to the sultan of Morocco a personal letter from President Roosevelt. His account of the mission, which has been received, shows that his party numbered nearly 300 and nearly 100 draft animals. The march from Tangier to Fez was made a triumphal procession, the way being led by a mounted bearer of the sultan's flag, with a guard on either side.

At the border of each district the caravan was received with salutes and military honors by the native chiefs. The journey occupied twelve days. Minister Gummere says he was received by the sultan with the most agreeable cordiality, and the regular court etiquette was relaxed to accommodate him in several important details.

Inspection Train Coming.

The Illinois Central annual inspection train is scheduled to reach Paducah Monday morning, October 29, at 10 o'clock. It comes from northern lines and will probably remain in Paducah two or three hours. The train is run as a special composed of eight coaches and carries a car which gives the grades, depassions and rises in track and records, the minutest details. Every division official is supposed to be on the train. It is scheduled to leave Paducah as the second section of the last noon passenger train, No. 102.

NATURE'S WARNING TO WOMEN

Nature always gives to women a plain warning at the beginning of disease. These warnings are in the form of different pains and weaknesses, but the thing Nature warns you against is always the same—uric acid.

Nearly all women's diseases are caused by uric acid. Yet, did you ever see any uric acid? Then just set a glass of urine away over night and look at it in the morning. This will tell you more of the cause of disease than could be printed in volumes. This uric acid, which you see in the glass, overloads your blood. It settles in the female organs and causes all diseases of women. It is uric acid that causes the backache, that brings mental disorders and pain, and that causes you to grow tired so easily, and that afterwards brings ovarian or womb trouble.

LIFE PLANT EXPELS URIC ACID.

LIFE PLANT relieves all women's disorders and diseases. It dissolves the uric acid out of the generative organs encourages them to become healthy and drives the poison out of your blood. It cures by removing the cause of disease—uric acid.

LIFE PLANT is a simple, harmless vegetable remedy. It is used by the greatest specialists in the cure of women's diseases. LIFE PLANT is the greatest blessing science has ever given to long suffering womanhood. If you want to know more of this common sense remedy, know more of the common sense cure of disease, write for a free copy of booklet showing the plain road to "Good Health." Ing. Miss Pettit presided at the punch bowl.

About People.

Miss Catherine Murray, of New York, will arrive early in November to visit Miss Faith Langstaff, on Kentucky avenue.

Miss Mary Belle Taylor, of Frankfort, arrived this week to attend the Corbett-Thompson wedding. She is the guest of Miss Faith Langstaff and Miss Rubie Corbett.

Capt. and Mrs. John L. Webb and Miss Anna Webb will occupy the second floor apartments of the James P. Smith flat, on South Fifth street this winter. They will move November 1. The engagement of Mr. Sidney H. Loeb, of this city, to Miss Minnie Schwarz, of Oklahoma City, Okla., was announced this week. The wedding will not take place until the spring.

Miss Virginia Kinnie, of New York, will arrive Monday to visit Miss Faith Langstaff, on Kentucky avenue. Miss Kinnie is pleasantly remembered as the guest of Miss Langstaff last winter.

Miss Mary Brizendine, of Russellville, Ky., is the guest of Mrs. Lella Wade Lewis, on Washington street. Miss Brizendine belongs to one of Russellville's most prominent families and is a niece of Congressman John S. Rhea, of the Third district.

Mrs. N. J. Walker, of Dyersburg, arrived this week to visit her parents, Mr. and Mrs. George W. Crumbaugh, on North Seventh street. She was accompanied by her sister, Miss Kate Crumbaugh, who had been her guest for several weeks.

Mr. and Mrs. Samuel K. Lazarus, of 4434 West Pine boulevard, St. Louis, have issued invitations to the wedding reception of their daughter, Henrietta, and Mr. William Alfred Baker at their home on Wednesday evening, November the 7th, from 8:30 to 10:30 o'clock. Miss Lazarus is a very charming girl and is known in Paducah.

The gauge registered a stage of 8.7 this morning, a fall of .1 in the last 24 hours. Business at the wharf was lively this morning.

The Dunbar will get in from Evansville today. The Henry Harley left last night at 7 o'clock for Evansville. The Joe Fowler probably will be ready to leave for Evansville on Monday.

The pleasure boat Coronado left yesterday for the White river with a Pittsburg hunting party. The Sallito arrived at 6:30 o'clock this morning from St. Louis with a big trip and left soon after for the Tennessee river.

The ferryboat Betty Owen could not go directly across the river this morning, but went up the Tennessee river around Owen's island and thence down the Ohio. The same route was followed on the return trip. The Betty Owen is carrying many nutting parties across the river. The Buttrif will arrive from Nashville Sunday night and leave Monday at noon for Clarksville.

The Kentucky is receiving freight at the wharf today and will clear for the Tennessee river this evening at 6 o'clock.

Capt. James Koger will go to Memphis Monday to turn over the steamers Savannah to the Arkansas River Packet company. The shaft has been repaired.

The Georgia Lee will arrive this afternoon from Cincinnati on the down trip to Memphis. This trip will complete the first round trip of the boat in the fall trade.

It looks as though everything is going the Dick Fowler's way in the suits at Cairo.

Wind was the principal thing around the wharf today. There was no considerable damage reported, but in a small way damage was done. Everything was blown jam up by a strong north wind and the river was an exact counterpart of the ocean on a mild day. The whitecaps were blown directly up stream.

The largest damage was done at the Paducah Sand company's docks. The railway chute which comes down to the dock to get sand, was damaged by the wind blowing the docks sharply up stream and wrenching the tracks from the shore.

The steamers Kit Carson and Scotia were lying side by side with their heads pointed up stream and their sterns toward the north from whence the wind was coming. The wind caught the two steamers in the stern and swung them around until the heads pointed directly up shore and jam up against the sand docks. The big suction tube of the sand digger was broken off by the contact and it was these boats jamming the sand docks that wrenched the tracks out of place. It was not known whether

the stern ends of the boats were tied, but it is probable that the wind was sufficiently strong to break any ordinary rope. The boats were not damaged to any extent by the collision.

Telephone messages from Owen's Island reported all safe at the Ayer-Lord peet. It probably is not generally known that a telephone submarine cable crosses the Tennessee river to Owen's Island. It is a private line for the Ayer-Lord Tie company, though laid down by the telephone company. The cable was laid in the same manner that the first Morse cable was laid across the Atlantic. One of the tow boats backed across the river with a "spool" of cable, allowing it to unwind and sink to the bed of the river. The one now in use is the second one laid. The only other cable across the river here is the one of the Illinois Central crossing to Brookport.

Towboats can make little progress against such a wind as the one today. A heavily loaded barge would be swamped and the swell of the river against the barge causes the seams to open and the oakum to drop out. The best thing to do with a barge in wind, weather is to keep it as quiet as possible. The Jim Duffy probably will be late arriving on account of the wind.

Official Forecasts.
The Ohio at Evansville and Mt. Vernon will continue rising during the next 24 to 36 hours. At Paducah and Cairo, will continue falling during the next 24 to 36 hours.

The Tennessee from Florence to the mouth, no material change during the next 24 hours, with generally a falling tendency.
The Mississippi from below St. Louis to below Cairo will continue falling slowly.

WATER CONTRACT TO BE VOTED ON AT THE NOVEMBER ELECTION

REPORT OF JOINT LIGHT AND WATER COMMITTEE ON NEW CONTRACT BETWEEN THE CITY OF PADUCAH AND THE PADUCAH WATER COMPANY.

Owing to the fact that the contract existing between the city of Paducah and the local water company for fire hydrants expires during the current month it was incumbent upon the general council to negotiate for a new service covering the remaining period which the franchise of the water company still has to run, to-wit: eighteen years.

After several conferences between the joint light and water committee and the officers of the water company a scale of rates for fire hydrants was agreed upon by the committee and the water company. These rates have been embodied in a contract which will be submitted to the general council for such action as the wisdom of that body may determine. If the proposed contract is favorably acted upon by the general council, it must be submitted to the voters of the city at the next election and affirmatively ratified by not less than two-thirds of the vote then cast upon the question before the contract between the city and the water company can be finally executed.

It is therefore worth while for the voters of the city to carefully consider the terms of the proposed contract before casting their votes at the coming election, and if it appears that the proposed contract is to the advantage of the city, then to register their approval thereof upon their ballots.

In order that the voters may have an opportunity to become fully advised regarding the terms of the proposed contract a copy of the same is herewith submitted which reads as follows:

"Section 1. That the City of Paducah, Ky., agrees to rent and does hereby rent from Paducah Water company, its successors and assigns, four hundred and eleven (411) double nozzle fire hydrants now established in said city for a period of eighteen (18) years from the passage and final approval of this ordinance, after an election by the people as hereinafter provided. The annual rental for each of said fire hydrants, which the city of Paducah hereby agrees to pay for the first ten (10) years of said term, shall be twenty (\$20.00) dollars and the annual rental for the remaining eight (8) years shall be fifteen (\$15.00) dollars, unless the said city shall sooner purchase water company's plant, with six (6) per cent interest upon deferred payments. The payments of said rentals shall be made as provided in the original ordinance contract.

"Section 2. All additional hydrants on extensions of mains that may be erected hereafter by the Paducah Water company, its successors or assigns, as provided in the original ordinance contract during the said eighteen years, shall be charged and paid for as provided in section one hereof; but at the expiration of ten (10) years from the time this ordinance shall have been finally approved as set out above, all the then fire hydrants shall be charged and paid for at the uniform rate as above provided and the contract therefor shall expire at the end of the eighteen years fixed in section one.

"Section 3. Before this ordinance shall become effective it shall be submitted to a vote of the qualified voters of the city of Paducah, Ky., at the general election to be held in said city on the 6th day of November, 1906, the said vote to be taken in the manner and as provided by law for the submission of public questions to the voters of said city.

"Section 4. This ordinance shall take effect and be in force from its passage approval and ratification by the qualified voters of the city of Paducah, Ky., and a written acceptance of its terms and conditions by the Paducah Water company filed with the clerk of the city of Paducah, Ky., within ten (10) days after the official certificate of its approval at the popular election."

At the present time the water company has installed for the use of the city 411 fire plugs, which under the old contract are rated and cost each year as follows:

150 fire plugs at \$40.00 . . . \$6,000.00
30 fire plugs at \$30.00 . . . 900.00
231 fire plugs at \$25.00 . . . 5,775.00

Total \$12,675.00
Under the proposed contract this same service would cost the city but \$8,220.00 for each of the first ten years of the contract a saving upon the number of hydrants now installed of \$4,455.00 per annum and for the ten year period a saving of \$44,550.00.

For each of the last eight years which the franchise has to run, the cost for 411 hydrants would be \$6,165, a saving to the city of \$6,510 per annum or of \$62,080 for the entire eight years of the franchise, making a total saving to the

city between the existing contract and the proposed contract of \$96,630.

There is nothing contained in the proposed contract changing the rights of the city or those of the water company under the original franchise. The city still retains the right to purchase the water company's plant at the expiration of each five year period in accordance with the terms of the original franchise.

This committee has also compared the rates contained in the proposed contract with those in effect in 127 other cities for the same class of service and finds the proposed rates lower than those paid by any of these cities. The approximate average cost per hydrant in the number of cities mentioned above is \$48.

The rates referred to were submitted by the local water company and this committee assume that the figures are correct. The list of the cities with the rate paid in each is on file with this committee and anyone desiring to verify the figures contained therein may have the opportunity of doing so at any time.

It should also be borne in mind that until a new contract is entered into between the city and the water company, that the rates charged under the existing contract will maintain. The only alternatives offered to escape from the old rates are either to make a new contract or to discontinue the service, the latter, of course, being quite impossible.

Therefore this committee has no hesitation in recommending to the general council and to the voters of the city of Paducah that the proposed contract be ratified.

TWO WORDS

WORK AND FASTER NOT FOUND IN MEXICAN DICTIONARY.

Paducahans Have Difficulty With Labor and Learn That "Manana" Is Popular.

An amusing story, which shows the characteristics of the people in the general accepted opinion of them is told by Mr. Theo. Metcalf, chemist for the Sutherland Medicine company about the Mexicans. Mr. Metcalf went with Mr. Percy Paxton to Monterey, Mexico, where the company is establishing a branch manufacturing plant, to make up a lot of medicine for that territory, and had to depend on the Mexican labor—"greasers," as they are termed, to do some of the work. They were paid 25 cents a day in Mexican money, and evidently were not worth that, as the two gentlemen had great difficulty in getting anything like an American day's work out of them. One day when they seemed to be working unusually slowly, Mr. Metcalf went to Mr. Paxton and said: "Let's tell those people they must work faster." Mr. Paxton assented, so they sought their Spanish dictionary, to which they had to resort whenever they wished to address any one in the native language, as neither of the gentlemen is a linguist. After a search for a half hour in the book for the words "work" and "faster" without finding them they had to give it up. "I don't believe the two words are in the Mexican language," said Mr. Metcalf, in telling the story, "however, tomorrow manana—is worked to death."

TREACHERY SEEN BY MITCHELL

Charges Certain Indiana Mineworkers Are Trying to Disrupt Union.

Terre Haute, Ind., Oct. 27.—Replying to the charges that the officials of district No. 11, United Mineworkers of America, had not acted in the interests of the organization, National President John Mitchell, in the special convention here today, accused the dissenters of an effort to disrupt the unions. Delegate T. C. Llewellyn of Linton by inference declared the national officers, including President Mitchell, were not above suspicion. Mitchell, in a heated reply, said Llewellyn was allied with the Western Federation, and as its ally was doing all in his power to break the supremacy of the United Mineworkers in the Indiana field.

Ironton, Mo., Oct. 27.—Mrs. Burton, wife of former Senator Burton, regards her husband, who is now undergoing imprisonment here, as a martyr, and declares the curtain has been rung down only on the first act. She says she is happier than she ever was in her life. Burton spent the day writing letters and then read the daily papers. He made no comment on what they had to say about him. According to the sheriff, Burton will be given no more daily walks and will not be allowed to read the jail until his sentence ends.

TRAINS BLOCKADED 24 HOURS.

Recent Snowstorm Ties Up Traffic on the Union Pacific Road.

Cheyenne, Wyo., Oct. 27.—As the result of the four days' snowstorm the Union Pacific road has been blockaded for 24 hours between this city and Sidney, Neb. Ten passenger trains are stalled in the yards here. Mild weather has set in and it is expected traffic will be resumed in a short time.

Team Changes Name.

The name of the "Famous" football team has been changed to "R. L. C." indicative of Roy L. Cully, and the management changed from Mr. James Davis to Mr. John Brooks. The line-up will remain as it was.

The biggest farms in the world are in South Australia, where the average squatter holds 75,000 acres.

Prompt and Liberal Settlements

The COMMONWEALTH is the only company issuing Industrial Policies that are payable IMMEDIATELY and in FULL, no matter when death occurs. Other companies pay only a part if insured dies within a year from time policy is issued. Investigate the COMMONWEALTH. Its policies cost no more; it is a HOME COMPANY; it pays its death claims promptly and in full and insures "square-deal" to you and your heirs. See what Mr. McGuire says:

Louisville, Ky., Oct. 23rd, 1906.

COMMONWEALTH LIFE INSURANCE CO., Louisville, Ky.

Gentlemen: I beg to acknowledge receipt of payment of claim under policies Nos. 2626 for \$200.00 and 3457 for \$300.00, which I carried on the life of my wife, Mrs. Sophia McGuire, who died quite suddenly on October 15th.

I appreciate the provisions of your policies, as they are more liberal than those offered by any other company doing an industrial business in the state and should be considered by all those desiring to apply for Industrial Insurance.

Thanking you for your kindness and promptness in settling this matter, and assuring you that whenever it is in my power I shall be glad to say a good word for the COMMONWEALTH.

Very truly yours,

Signed: RICHARD E. MCGUIRE, 1318 24th St.

Underwriters' Resolution.

Before adjournment at St. Louis yesterday, the National association of Underwriters adopted a resolution excluding officers of home companies from executive committee deliberations hereafter, and prohibiting the election of officers of companies as delegates to any convention. The resolutions adopted con-

tem rebating.

Constitution Signers.

A reunion of the surviving delegates to the convention which framed the present constitution of Kentucky is being planned, to be held in Frankfort during the summer of 1907. It is believed the plans can be carried out.
